

Bringing together the best and brightest in the areas of Healthcare Systems: Preventative vs. Episodic • Rural vs. Urban • Mental Health **Social Infrastructure:** Housing • Trails & Bikeways • Common Meeting Places • Green space **Food:** Midwest Food Production • Food Access, Availability, Supply Chains • Food Security • Nutrition **Workplace & Technology:** Workplace transformation (automation and digitization) • Workplace Wellness • Med Tech & Bio Tech **Role of Government & Education:** Public/Private Partnerships • Transportation Systems • Poverty

THE FUTURE OF WELLBEING

MINNESOTA LEADING THE WAY

Facilitated by David Beurle

What are the plausible futures that will unfold in global health & wellbeing and how will Minnesota respond? Join the state's leading experts and thought leaders in wellbeing to peer into the future and shape Minnesota's destiny in the future of global wellbeing.

▶ **February 8 or 10** (based on key drivers)
90 Minute Focus Group Sessions via Zoom
What is Minnesota's role in the five key drivers to wellbeing?

▶ **April 13**
7:30 am to 11:30 am Breakfast Think Tank
Bring together the drivers that impact wellbeing and explore four possible scenarios for Minnesota

The above events will contribute to and help shape a thought-provoking foresight paper designed to provide guidance to businesses, government leaders and educational institutions to position Minnesota as a global leader in the future of health & wellbeing.

▶ **May 12**
7:30 am to 9:30 am Breakfast
The Future of Wellbeing: Minnesota Leading the Way Foresight research results presented by David Beurle and a panel of experts
