

# Vision Romulus - Our Community, Our Future

## Focus Group Schedule

November 9 and 10, 2022

Vision Romulus - Our Community, Our Future is a broad based and inclusive community visioning process for Romulus, which is running through 2022. The process so far has included an extensive community survey (with almost 600 responses) and a two evening Think-Tank workshop with over 60 attendees each evening.

Now we are digging deeper to explore your specific expertise and interest with regards to 5 key topic areas that have arisen from the community engagement in the process so far. We are seeking your input into one (or more) of five Focus Group sessions that will run on November 9 and 10, 2022.

### Vision Romulus - Our Community, Our Future Focus Groups

All Sessions will be held at the Romulus Senior Center.
