

Flint Hills Regional Council Sustainability Plan and Roadmap

Focus Groups

February 17 - 21, 2023

The Flint Hills Regional Council (FHRC) is embarking on a planning process through early 2023 to produce a 5-year Sustainability Plan to ensure the continuation and expansion of FHRC. Read about the project at <https://lab2.future-iq.com/fhrc-sustainability-plan-and-roadmap/>. The process so far has included a two day Think-Tank with approximately 50 participants and a Stakeholder Survey with almost 200 responses.

Now we are digging deeper to explore your specific expertise and interest with 5 key topic areas that have arisen from the engagement process so far. We are seeking your input into one (or more) of five Focus Group sessions that will run throughout different locations across the region between February 17 and 21.

Resource Economy

Friday February 17, 2023

1:00pm - 2:30pm
