PHASE 2
Current State and Strategies for the
Future
(Nov – Dec 2022)

PHASE 3
Public Stakeholder Process
(Nov 2022 – Apr 2023)

PHASE 4
Draft Recommendations
(Apr – May 2023)

PHASE 5
Forest Future Strategic
Roadmap and Nest Steps
(Jun - Oct 2023)

Project portal and engagement platforms

Part 1: Current Conditions
Report

Part 2: Scenarios of the Future Vision Report

Part 3: Draft Recommendations Report for General Assembly

Part 4: Strategic Roadmap
Report

PHASE 2 Current State and Strategies for the Future (Nov – Dec 2022)

- Background review of all relevant existing data, reports, plans, research, trends
- Undertake existing Conditions Analysis and foresight research
- Industry Roundtables to identify concerns and potential opportunities

Vermont Forest Future – Part 1: Current Conditions Report

PHASE 2 - Current State and Strategies for the Future

Step 1 - Background review of all relevant existing data, reports, plans, research, trends produced from 2012-2022

The conditions analysis shall additionally include, but is not limited to:

- Identification of industry drivers, services, and supporting organizations, including education and workforce training and business assistance services
- Identification of regulatory barriers and how State and municipal infrastructure interact with the forest products sector and larger forest economy
- Survey of State agency engagement with the forest products sector
- Summaries of previous efforts to support forest product market development, manufacturing, consumer education, and marketing initiatives

PHASE 2 - Current State and Strategies for the Future

Step 2 - Industry Roundtables to identify concerns and potential opportunities

Design, prepare, facilitate, conduct, and document industry roundtables to identify key drivers and concerns for the long-term viability of the forest products sector and larger forest economy in Vermont, and explore opportunities for actionable strategies designed to meet the intended outcomes of Act 183 (2022).

- The total number and dates of industry roundtables to be determined.
- The location of industry roundtables, including whether they will be inperson or virtual, to be determined.

PHASE 2 - Current State and Strategies for the Future

Step 3 – Produce Current Conditions Report

Create a Current Conditions report and summary presentation describing the current state of Vermont's forest economy including, but not limited to:

- Summary description of report including scope and context within the overall project.
- Overview of background review and industry roundtable processes
- Narrative description of results and analysis of background review and industry roundtables.
