HELP US WORK TOWARD THE PREFERRED FUTURE

Vision Greenwood is a visioning and comprehensive master planning project that will update the City of Greenwood's 2008 Comprehensive Master Plan (CMP).

The City of Greenwood is undertaking a comprehensive master planning project that began with community visioning for the future of Greenwood. As that phase draws to a close, the second planning phase begins!

You are invited to help shape the future of Greenwood at the Vision Greenwood Future Summit. You will learn about the outcomes from the visioning phase and set the stage for an implementation plan. **Join us at the Fellowship Church Main Building on April 26!** This event is free and open to anyone, but please register soon - space is limited due to venue capacities. Learn more and register on the project portal!
